The iron grasp of scrofula has no mercy upon its victims. This demon of the blood is often not satisfied with causing dreadful sores, but racks the body with the pains of rheumatism until Hood's Sarsaparilla cures.

GOOD NEWS FOR ALL.

Representative Hermann Secures the Bill for Improvement of the Willamette.

Hon. F. M. Wilkins, president of the Eugene board of trade, received telegrams from Hon. Binger Hermann, representative in Congress from this district, who holds second place on the river and harbor committee stating that the bills for the improvement of the Willamette river from Portland to Eugene and the continuation of the work on the Siuslaw harbor, had been reported upon favorably by the committee and that their passage had been secured. This means good news for the entire Willamette valley.

The telegrams read as follows:

WASHINGTON, D. C., March 25.

Hon. F. M. Wilkins, Eugene, Oregon.

I have succeeded in securing the great project for immediately and permanently improving the Willamette river from Eugene to Portland. The improvement work will be contracted.

BINGER HERMANN.

WASHINGTON, D. C., March 25.

Hon. F. M. Wilkins, Eugene, Oregon:

I have secured a large allowance for the Siuslaw jetty work. An early adjournment of congress is assured and will make money for the appropriation available at an early date, which will make it possible to resume work on the jetty in the near future.

Yours truly,

BINGER HERMANN.

In securing the passage of these bills Mr. Hermann has scored a point of victory for Oregon. The improvement of the Willamette and the completion of the work now partly finished at Siuslaw will derive great benefits for this section and Lane county in particular will rejoice over the success of Mr. Hermann. The improvement of the Willamette is just now a point of most vital interest to the people of this section. The plans for its improvement between this city and Harrisburg, as reported by the government engineers is as follows, the work to be commenced at this city and continue down the river as far as Portland:

At Skinner's bar, a dam to be constructed.

At Gillespie bar, lower down, the Davis chute is to be closed by a deflecting dike, and a bank revetment is to be made.

At Scatter bar another dam is to be made.

At Brown's island the channels leading to the left of the island are to be closed by dams 2700 feet in length.

At 160, 159, 156 and 154-mile points dams and deflecting dikes are to be made.

These are the chief works of a permanent nature, besides dredging that is to be done between Eugene and Harrisburg, and the cost for the permanent works alone will be \$21,500.

The project is to secure at low water 4 or 4 feet to Corvallis, and from there to Eugene 2 1/2 to 3 feet at lowest water.

To assist the work and to keep the river cleared by snagging and dredging, a new boat, larger and stronger than the snagboat Corvallis must be built, which shall have new appliances for snagging and dredging and scraping of bars. The sum of \$10,000 is estimated for this boat, and it forms a part of the gross estimate of the work from Portland to Eugene.

The fact that the snagboat, Corvallis is now a craft of the past, will make the demand for a new boat imperative.

The bill provides that the improvements of the Willamette shall be done

by contract, which means that all the red tape government work will be done away with and the work commenced immediately and pushed to a speedy completion.

The improvement of Siuslaw bay, Lane county's harbor, is a subject also of special interest. The jetty work is now only partially finished and as it now stands is of but little use, but a few more appropriations will complete the improvements which will make it one of the best harbors on the coast.

My attention was called to Dr. Miles' Nervine and I commenced to use it with the very best effect. CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called soothing syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Dr. H. Pitcher* is on every wrapper.
